

Powerful scanning capabilities for high-volume applications.

M4099D

Production Document Scanner

The reliable Fujitsu M4099D handles monumental scanning tasks with ease.

- ▶ Fast scan rates of up to 90 pages per minute (simplex) or 180 images per minute (duplex)
- ▶ Infrared document double-feed detection feature with paper thickness adjustment
- ▶ Duplex red, green and blue color dropout feature makes forms processing easier than ever
- ▶ ScanRight™ IPC dramatically improves image quality and increases OCR/ICR recognition rates
- ▶ Adobe® Acrobat® 6.0 and ScandAll 21 scanner utility included

FUJITSU

THE POSSIBILITIES ARE INFINITE

M4099D

Production Document Scanner

Productivity-boosting features for production-level scanning.

From forms processing to service bureau and centralized enterprise applications, the M4099D scanner delivers the combination of quality, reliability, performance and features your business needs. It scans up to 90 pages per minute (ppm) in simplex mode, up to 180 images per minute (ipm) in duplex mode and up to 15,000 pages per day, satisfying the needs of even the most demanding production environments. A large-capacity, 1000-page automatic document feeder (ADF), a revolutionary paper path and a convenient exit stacker increase user-friendliness.

The ADF also handles a wide variety of paper sizes, from A7 to A3, and can also be configured for stacks of 250 or 500 pages. And because it includes SCSI-2 and video interfaces, as well as industry-standard TWAIN and ISIS® drivers, it integrates well with many imaging systems.

Outstanding service and support.

The M4099D scanner includes a 90-day, on-site, Limited Warranty. A free, nine-month on-site service upgrade is also available (some restrictions apply). For full details on the Limited Warranty and on all service programs, go to www.ImagingService.com or call (800) 626-4686.

About Fujitsu Computer Products of America, Inc.

Fujitsu Computer Products of America, Inc. is a wholly owned subsidiary of Fujitsu Limited, a leading provider of customer-focused IT and communications solutions for the global marketplace. FCPA provides innovative solutions for the U.S. marketplace. Current product and service offerings include: high performance hard disk drives, magneto-optical drives, scanners and scanner maintenance.

M4099D Production Document Scanner Specifications

Functional Specifications	
Technology	Color CCD (charge-coupled device) image sensor
Resolution	200, 240, 300 ¹ , 400 ¹ dpi (user selectable)
Half-tone patterns	Dither, error diffusion
Scanning speed	Simplex Duplex
(@200 dpi, A4 & Portrait size)	90 pages per minute 180 images per minute
Document feeding mode	Automatic document feeder (ADF)
ADF capacity	1,000 sheets (selectable 250, 500)
Document size	Minimum Maximum
	A7 (2.875 in. x 4.125 in.) A3, Double letter (11.7 in. x 17 in.)
Interface	Video, SCSI-2, & 3rd Party Slot
Image type output	Binary; halftone; grayscale
Physical Specifications	
Power requirements	100-120 VAC, 50/60Hz, 200-240 VAC, 50/60Hz
Operating environment	Temperature Relative humidity
	59° F – 95° F (15°C–35°C) 20%-80% (non-condensing)
Power consumption	250 VA or less
Dimensions (H x W x D)	23.1 in. x 27.1 in. x 21.2 in.
Weight	143 lbs.
Reliability Specifications	
Limited Warranty	3-month on-site service ²
Software driver support	ISIS and TWAIN driver included (Win 98/2000/NT/XP), Kofax Adrenaline®
Options	ScanCare™ service program, ScanRight VRS™, Post scan back side endorser
Inbox Software	Adobe Acrobat 6.0, ScandAll 21
Part Number	CA04315-B002

¹ Binary output up to 400 dpi, grayscale output up to 200 dpi.

² Customers who register their scanner within 90 days of purchase will receive a free nine-month on-site service upgrade. For full details, visit www.fcpa.fujitsu.com/warranties/ or call (800) 626-4686.
