DIGITAL CHECK®

SmartSource®

SmartJogger

SmartJogger jogs checks quickly and efficiently. The compact design makes it an ideal companion for image capture devices on desks or table tops in teller environments.

Fast and Efficient

Digital Check's SmartJogger aligns the edges of up to 150 checks, enabling smooth, jam-free feeding through image capture devices. Using this jogger results in an increased MICR read rate and fewer exceptions, saving you time and money on reject re-keying.

Compact

This compact-size jogger is ideal for smaller banks, branches, community banks, and credit unions with a lower volume of checks. The SmartJogger is ideal for applications where counter space is limited.

Features

- Jogging tray holds up to 150 checks

- Compact size

- On/Off Power Switch

- On switch for jogging (Jogger timer is 10 seconds)

- Automatic jogger turn off if checks are removed prior to 10 seconds

Technical Specifications

Dimensions:
