

A scanner
for all the ins and outs
of today's business.

Just push the button and
organize your paperwork—easily.

The **Kodak ScanMate i1120** Scanner transforms your paper documents into high-quality digital images that can be managed, sent, filed, and found—easily. One push of a button puts you in control of your documents and organizes your information.

It's smart, reliable, and works hard for YOU!

Now, organize your documents with ease. With the **Kodak ScanMate i1120**, you can easily scan them into PDFs and searchable PDFs—and even into **Microsoft Word**, Excel or PowerPoint. Scan directly into e-mail. Scan and file business cards. Make copies, and file documents for easy access. Reduce costs and steps. And relax—the **ScanMate** comes fully equipped with all the office power you need!

ScanMate is also available with **DYMO File** software—a whole new way of scanning and organizing your documents. It creates and prints a unique barcode for each one. Scan all your documents at once and **DYMO File** automatically places each digital file into its specified folder, all in one step. In fact, once you set the stack of documents to scan, **DYMO File** does the rest.
