from the team that brought you the Panini My Vision X™

**New four line endorser, strategically designed for receipt printing, is now available on the My Vision X !**

The My Vision X AGP InkJet Printer enables banks to fully realize the advantages and efficiencies available with the digital transformation of the paper check. NOW, banks have the added benefit of an integrated image capture solution which allows for the printing of customized receipts at the teller station.

## **Panini My Vision X™ AGP InkJet Printer**

### **Benefits:**

- Provides an additional component for an already compelling business case for distributed image capture.
- Eliminate capital, maintenance, and supplies costs associated with a separate receipt printer.
- Ability to continually validate items (as with current operations), with no requirement for high priced roll-tape (pre-cut receipts can be used).
- Ability to perform multiple functions in one device.
- Prints a receipt faster than a roll-tape device.
- More cost effective solution versus purchasing a separate scanner and receipt printer.
- Integrated scanner and printing solution has already been adopted in a large bank environment by The Northern Trust Company.

### **Hardware characteristics:**

- |                               |                     |
|-------------------------------|---------------------|
| • <b>Manufacturer</b>         | Panini              |
| • <b>InkJet Technology</b>    | Hewlett Packard     |
| • <b>Printing height</b>      | 12.5mm (1/2 inches) |
| • <b>Number of nozzles</b>    | 300                 |
| • <b>Physical resolution</b>  | 200x200 dpi         |
| • <b>Printable characters</b> | Approx. 7,500,000   |

Through the Panini Vision API Interface, the AGP InkJet can print on a space that is 0.5 inches in height, for the full document length.

Scalability is offered via an upgrade kit for four line printing capability.

### **Software characteristics:**

The AGP InkJet Printer utilizes the Panini Vision API included with the My Vision X. There is no need for software changes.

### **A word from Northern Trust:**

“Northern Trust needed a cost-effective, high quality check imaging solution with a built-in receipt printer that could accommodate the needs of multiple users, occupy a small space, and reliably handle a variety of transaction volumes in different branch locations,” says Michael Valdez, vice president, Northern Trust Personal Financial Services.

“We believe we’ve found the perfect solution with the Panini My Vision X™.”
